## SUJAN RAJMAHAL PALACE

HOTEL JAIPUR

**S**teeped in history, the centuries-old Rajmahal Palace was once home to the Maharaja of Jaipur and has hosted world leaders and royalty including Queen Elizabeth II. Today, following a restoration by designer Mr Adil Ahmad, it's an exceptionally beautiful hotel that evokes the power and riches of the families who once lived here. From individually designed wallpapers in each unique suite and the fuchsia ceiling in the 51 Shades of Pink breakfast room to the fountain and flower-filled gardens, there's an explosion of vibrant colour everywhere. A true gem that must be seen to be believed.
